First Choice for Women
2017 Annual Report

BIG numbers
FROM THE CHIEF EXECUTIVE OFFICER

Dear Friends,

Each year I have the privilege of praying and asking the Lord for His direction and vision for the coming year. This year through a variety of circumstances He placed the word “BIG” in front of me. What does that mean and how will that impact our vision for 2018? Thinking about it along with the passage, “Now to Him who is able to do far more abundantly beyond all that we ask or think, according to the power that works within us, to Him be the glory in the church and in Christ Jesus to all generations forever and ever. Amen.” Ephesians 3:20-21, I believe He is entrusting us with even BIGGER things this coming year.

Looking back over the past few years we have already seen God do BIG things! This year we are simply asking Him to continue to be at work in BIG ways in our client’s lives so that they can trust Him in a BIGGER way! We are praying for BIG things to happen like adding the abstinence curriculum to all of the Madison County schools, seeing a BIGGER number of abortion determined clients, and providing the funding needed to add to our staff, which is a BIG need!

In order to do these BIG things, we need community partners who will connect with us in BIG ways - prayerfully, financially, and getting involved as volunteers. We cannot do it alone, and the good news is that we don’t have to do it alone; we serve a BIG God along with you.

If you are already partnering with us we want to thank you and hope that you are encouraged as you see a snapshot of the amazing things He has done in the past year.

If you are new to First Choice and are looking for a place to be involved where God is already at work in a BIG way, we ask that you consider partnering with us today. Together we’ll see lives saved, and women’s, men’s and family’s lives truly transformed. To God be the glory!

Because every life matters,

After completing the CPR Program, knowledge levels increased by an average of 10%
When Trisha found out she was pregnant, she was nervous and scared. “I was planning to have an abortion because I didn’t know for sure who had fathered my baby,” Trisha confided. “My boyfriend and I had been having trouble, so during a break in our relationship, I was with another man.”

Due to this uncertainty, her family was encouraging her to abort. “My 8 year old son and I live with my aunt,” Trisha explained. “She was really pressuring me to get an abortion, and got really angry whenever I talked about possibly keeping the baby. My family didn’t like my boyfriend, so even if he was the father, they didn’t want me to have a child with him.

After hearing about First Choice and the free ultrasounds they offered, I thought I should get more information and maybe have an ultrasound before I made my final decision. Once I saw the heart beat and the blood moving through my unborn child, I knew I couldn’t have an abortion.”

The pregnancy has been difficult, but Trisha’s boyfriend is standing by her - as is her aunt, who is now helping her prepare for the baby girl. “If it wasn’t for First Choice, I know I would have gone through with the abortion,” Trisha concluded. “Thank you for saving me and my baby!”
